Chairman's Message

Mr. Raj Shetty - Chairman & Managing Worker

The UN Commission on Human Security defines human security as the protection of "the vital core of all human lives in ways that enhance human freedoms and human fulfillment. Human security means protecting fundamentals freedoms — freedoms that are the essence of life. It means protecting people from critical and persuasive threats and situations. It means using processes that build on people's strengths and aspirations. It means creating political, social, environmental, economic, military and cultural systems that together give people the building blocks of survival, livelihood and dignity".

REDBOY National Training Institute - Security

At **REDBOY**, we are aware that the backbone of our industry is training, training and continuous training. And to help you gain the skills needed to protect your security infrastructure we offer learning opportunities through our own security awareness and network security courses. We offer a broad spectrum of training options - be it your goal to be certified or to simply become more knowledgeable about security solutions. We develop tests, test methods, reference data, proof of concept implementations, curriculum and technical analysis to advance the development of technical, physical, operational, administrative, management standards and guidelines for the cost-effective security and privacy of information infrastructures.

Senior Citizen Protection Program

In view of the tremendous increase of crime in the city against single and isolated senior citizens and the spate of recent and continuing attacks on them, **REDBOY** offers an elderly care program that tasks precautions to restrict their vulnerability and ensure their safety and security in urban surroundings. This special protection program offers the elderly:

- Home Care Services
- Companion service
- Medic alerts
- Security Installations
